 5. This represents the sum of the units in the proceeding housing assistance categories.
Because of potential multilayering of assistance, this column may overstate the assisted units.
 6. Number of Low Income Units in allocations under the Low Income Housing Tax Credit program, 1987-92. Not all units allocated are placed in service.

 7. Source: U.S. Census (1990) as reported in Conquest, a P.C.-based, geodemographic information system.

NOTE: The information for this table is derived from a series of HUD administrative record sources. Because of the constantly changing nature of the HUD inventory, timing in up-dates of the various data sources, and multiple subsidies in the same projects, these figures may deviate from the precise inventory at any given time.
