

*The Housing Assistance Council (HAC) presents
an Audio-Web Conference on*

Getting Started with Grants.Gov for the 2007 HUD SuperNOFA

Invited Guest: Barbara S. Dorf, Director
U.S. Department of Housing and Urban Development
Office of Departmental Grants Management and Oversight

**Monday, February 5, 2007
1:00-2:00 PM (EST)**

If you plan to apply for Department of Housing and Urban Development (HUD) funding in 2007, your organization must go through a registration process and submit all applications electronically.

All 2007 HUD applicants, with the exception of Continuum of Care applicants, must submit applications electronically. Before applying for funds, organizations are required to register with Grants.gov. This multi-step process can take from a few days to a few weeks to complete. All organizations are encouraged to register now to avoid delays in your application process.

HAC will host an audio-web conference call to provide local practitioners with the information they need to successfully register and use the online application submission system that became mandatory for most HUD programs in 2005. **The conference call will take place on Monday, February 5, 1PM Eastern Standard Time (EST). Pre-registration is required.**

HAC will present information on:

- Registering to Submit Electronic Applications;
- Keeping Your Registration Active and Up-to-Date;
- Finding Competitive Funding Opportunities on Grants.gov;
- Completing the Electronic Grant Application Package;
- Submitting and Tracking Electronic Grant Applications.

Format: This will be a web-based conference call. Participants have the choice of participating via the web, the telephone... or both! **RealPlayer is required for Audio on the Web**, but is free for download at <http://www.real.com/>. Each participant's connection to the internet will determine the speed of presentation slides appearing on individual screens.

Join HAC for this important call!
*****Participation is limited to the first 100 registrants*****
Pre-registration required.
