Background: The Tribal Energy Program promotes tribal energy self-sufficiency, economic development and employment on tribal lands through the use of renewable energy and energy efficiency technologies.

Eligibility: Current college upper-classmen and graduate students, who are familiar with Native American culture and tribal issues, are needed to support the Tribal Energy Program efforts with technical project tasks. Students are needed to assist a cross-disciplinary team to perform specific tasks. Interactions will be with Sandia's renewable energy staff, Native American tribes interested in renewable systems and Sandia's American Indian Outreach Committee. Instant immersion in these activities is offered in working directly with experienced and internationally recognized peers. Travel will be required, including field visits to renewable energy projects.

Required: As authorized by the Tribal Energy Program, the student applicant must be a US Citizen and be a Native American as defined as a member of a recognized Federally-recognized Tribe, Alaska Village or Alaska Corporation (not state-recognized, not bands or groups, or first peoples of Guam or Hawaii). Specific interest in renewable energy is required. Applicants must pass a pre-employment background check.

Application Instructions:

- ✓ Apply to contact address listed at the top of the announcement prior to the deadline.
- ✓ Apply using a personal resume including GPA and all relevant work experience and outside activities. Include your phone number and email address.
- ✓ Include all college transcripts (official copies are required)
- ✓ Complete the questionnaire included with this announcement.

Salary & Relocation Expenses:

- Salary commensurate with number of hours completed by the end of the 2006 Fall semester in an appropriate technical major
- Sandia will pay relocation expenses (mileage and per diem or round-trip airfare) for a school site > 50 miles from Albuquerque, New Mexico
